

The 2019 TC 4.2 Young Researcher Award

is presented to

Tom Oomen

for fundamental contributions to system identification for control and iterative learning control and its application to industrial mechatronic systems

at the joint conference

8th IFAC Symposium on Mechatronic Systems (MECHATRONICS 2019)

and

11th IFAC Symposium on Nonlinear Control Systems (NOLCOS 2019)

in

Vienna, Austria, September 5, 2019.

1.0. a. Mchai

Reza Moheimani (Chair, Award Selection Committee)

Tsu-Chin Tsao (Chair, TC 4.2 Mechatronic Systems)
